STORE SHEEP – 4,341

A good entry for the second sale in September but a very lack lustre ewe trade. After a series of very good sales it came as a shock. A real resistance amongst buyers to put their hand in their pockets. Yearling ewes reached £142.00 for some Texel X's. Some two year old mule ewes reached £139.00 but there would be a lot of tidy ewes between £115.00 and £120.00 per head. Older ewes were similar money and the bright thing in the sale were ewe lambs.

STORE LAMBS

A nice bit of trade for the store lambs even with current fat prices at the level they are. Ewe lambs reached £95.00 a head with an overall average for all ewe lambs of £72.00. Store lamb trade was also more selective. The recent drop in fat prices is making buyers very nervous. Strong store lambs reached £69.00 and averaged £64.20; medium store lambs to £61.00 average £57.50; small store lambs £52.00 average £48.20; Overall average £56.50.

CALVES AND WEANLINGS

Some nice calves forward and these met a super trade with competition for all types. Bull calves sold to £365.00 and averaged £190.00 to include black and whites. Heifer calves sold to £160.00. More calves needed.
