BRECON MARKET REPORT - PRIS Y FARCHNAD
DYDD MAWRTH - TUESDAY 23rd APRIL 2019

110 SPRING LAMBS

A disappointing show of lambs considering the predictions on trade and following the strong trade of last week. The trade was an absolute flyer. The best lambs sold to £2.90ppk and £117.92 from AHJ Jones + Sons, Glandwr. We need larger springer entries every week going forward to meet buyer demand.

40 Kg	£2.90	AHJ Jones + Son, Glandwr
38.5Kg	£2.82	AHJ Jones + Son, Glandwr
40.5Kg	£2.79	SP+NJ Jones, Aberbran Fach
40Kg	£2.72	RW+LA Jones, Lower Argoed
44Kg	£2.68	AHJ Jones + Son, Glandwr
35.5Kg	£2.50	DI Davies + Co, Rhydywernen
38Kg	£2.50	DI Davies + Co, Rhydywernen

600 PRIME HOGGETTS

A smaller entry of prime Hoggetts in terms of numbers but with probably more of the desired weight category than within the larger entries of the last two weeks. There was a fantastic trade for the best end of the handy weight hogs and the lighter weights were also an improved trade. It looks as if this trade will be maintained for a week or two until Abattoirs switch to springers. Follow our predictions through the week via social media and the website and we hope for another large entry next week. The SQQ average of £2.15ppk and the overall average of £2.10ppk is the best trade of the spring so far.

Note - Farm Assurance is important and the girls in the office require the 'Green Forms' to be filled out and signed with consignments.

SQQ £2.15ppkg

450 CULL SHEEP

Another tremendous entry of cull sheep following the similarly large entries of the previous weeks. The trade was as good as the flying trade of last week for all classes and categories. The entry suited the trade with very few over fat ewes forward. The buyers were able to bid strongly for pen after pen as a result. The leaner ewes of all types were again the dearest pound for pound on the day reaching as fast a trade as last week for this type of half meated ewe. The overall average of £70 is identical to last week and reflects the strength of the trade for the larger weekly entry. The trade look set to be maintained through the remainder of April and into May.

Overall average Ewes £70 Rams £73.
