Another week to record a cracking trade in the sheep section in general. Hoggets were first away and enjoyed a "battling" trade particularly up to 51kg with lighter hoggets really "ringing the bell" and selling to a very acceptable 265.0ppk (£119.00) Averaging 222.0ppk.

CULL EWES - 981

Auctioneer - James Amphlett

A much larger entry of ewes sold to another sharp trade. Leaner meat ewes would have seen another lift with bigger, fatter ewes also seeing a sharper following. Plenty of suffolk x and continental x ewes over £90 and £100 with the best ewes up to £130. The overall average of £77.83 would still be very high considering the amount of smaller and poorer bred sheep on offer.

**** If you have large numbers of ewes to bring please continue to book them in so we can discuss trade and let buyers know ****
