BRECON MARKET CATTLE REPORT FRIDAY 26th APRIL 2019

1075 STORE CATTLE

A yard full of cattle were certainly sold at a premium with a trade which far exceeded everyone's expectations even the auctioneers.

The best cattle were over 300p/kg (heifers and steers) and the quality types were easily sold at a blistering trade.

There were several runs of quality cattle which helped to attract one of the best rings full of buyers we have had for several years including some new purchasers all of which contributed to an extremely successful day.

Cattle came from all parts of Wales including North Wales and Newtown.

Messrs Jerman, Glangwden sold 24 young cattle (10-11 months) to average £1177 (average 280p/kg) while Edward Brothers from Ruthin sold a run of 2 quality steers (10 months) to average a staggering 292p/kg.

Whilst Messrs Davies of Pantmeinog again produced another quality entry of 34 cattle all under 12 months to average £1157/head and JAV Mills had a similar run of excellent cattle which averaged 266p/kg.

There was an abundance of buyers keen for young quality grazing cattle, however strong cattle were also an improved trade reflecting the lift in the fat trade with a run of strong steers from the noted Jones Family at Neuadd Fawr averaging a staggering £1457 on 20 steers.

This would be one of the largest entries seen at Brecon for several years, however a strong trade was achieved from start to finish.

Steers averaged £1073 and 234p/kg and heifers averaged £938 and 217p/kg to include all types.

We thank all the vendors who supported the sale and especially those who made the effort to bunch cattle up, the sale finished by 6pm.
