BRECON MARKET REPORT - PRIS Y FARCHNAD DYDD MAWRTH - TUESDAY 16th JULY 2019.

600 SPRING LAMBS

A slightly smaller show of spring lambs in terms of numbers and not quite of the exceptional overall quality of last week. The trade was down on the week but consistent with expectations. The better end of the lambs were a decent trade with smalls also in demand. The best lambs sold to £1.90ppk and £92.95 from THE Jones, Lower Pendre. The mart will run as normal next week and the constriction of supply resulting from the Royal Welsh Show will provide an opportunity of trade for those looking to market lambs.

We again reiterate the need for larger lamb entries every week going forward to meet the buyer demand for these top specification lambs.

353 CULL SHEEP

A bigger better show of ewes sold to an even better trade for all classes and categories. The entry again suited the trade in terms of strength and cover with buyers not as fussy with regard to the over fat ewes forward. This is the time to market your cull sheep and with the consistency of trade at this market sheep can be marketed with confidence in large numbers. A much larger entry is required next week.

Overall average Ewes £65.
