BRECON MARKET CATTLE REPORT FRIDAY 26th JULY 2019

271 STORE CATTLE

One of the smallest entries seen at Brecon Market following two of the largest entries in the Spring. The affect of an abundance of grass and the collapse in the fat cattle trade had persuaded several to hold cattle for August. However, those who attended were surprised with the strong demand and prices achieved which were beyond expectations in most cases.

The steers topped at £1270 and £1250 with a good run of cattle from Messrs Jones, Dolauduon, averaging £1170/head whilst heifers reached £1175 and topped at 233p/kg.

The smaller cattle would still have been similar to recent months, especially the quality types.

Even with a small entry we still had buyers from The West Country and Yorkshire.

A strong entry will be needed for August.
