WORCESTER MARKET SALE NEWS WEDNESDAY 4th SEPTEMBER 2019

PRIME CATTLE - 20

Auctioneer - Clive Roads

A good level of demand for the cattle on offer. Quality types sold briskly - very heavy cattle 750kg plus sold remarkably well under the present climate and the fact that they would be out of "spec"

It would be a good help, if we don't telephone you, could you just let us know what you intend to bring - much appreciated.

Grade 2 to 120.0ppk av. 118.0ppk.

SHEEP – 1586

Auctioneer – Clive Roads

A difficult trade with all buyer very lack lustre and selective. Demand for both home and export trade has dropped significantly since last week coupled with more numbers out across the country has compounded a difficult situation. At least weight is not penalised which has helped the overall returns.

Best lambs peaked at 190.0ppk with the overall average 167.0ppk

CULL EWES – 642

Auctioneer – James Amphlett

Generally a much harder trade on the week with all types less money right across the board. Lots of lean mules on offer which were hard to place but bigger ewes still held firm. Firms are finding it difficult to sell the meat and that is why trade has dropped nationally. Our trade would still be as good as anywhere.

Cull ewes topped at £89.00 average £61.76.

***** If you have large numbers of ewes to bring please continue to book them in so we can discuss trade and let buyers know *****
