

BRECON MARKET REPORT – PRIS Y FARCHNAD DYDD MAWRTH - TUESDAY 24th SEPTEMBER 2019

500 LAMBS

A much better entry on the week boosted by an entry of 180 nice quality prime lambs from a single home. We again stress that every effort is being made to maintain buyer support for all categories of lambs and improved Vendor support is required going forward. The trade was back touch on the week but again ahead of other local competing centres. The show of lambs was tremendous with pen after pen within the required weight and quality spectrum. The best lambs sold to £1.90ppk from M/s Brute, Gwndwnwal. It is again reiterated that improved Abattoir customer support has been pledged to Brecon Market going forward and the next few weeks are an important time for the prime lamb section to be 're-booted'. We cannot stress the importance of the need for improved lamb entries in the coming weeks.

250 CULL SHEEP

A slightly better entry of cull sheep following the disappointing entry of last week. The entry was dominated by grazing and good under ewes and these categories sold to a firmer trade this week for a nice quality show. The well meated ewes also sold to an improved trade in line with a three weeks ago. Again there were Farmer buyers present looking for ewes to graze and more of these are required every week through the autumn.. Much larger entries of well covered and plain ewes are required in the ensuing weeks.

Overall average Ewes £50.
