## TRILOGY

LAND | DEVELOPMENT CONSULTANCY | NEW HOMES

At Trilogy we know that there is more to property than simply just bricks and mortar.

This is why we offer all our clients a solution for all their property needs by providing them with the best property advice and services available.

We are proud to have collaborated with World Top 100 Design House Alexander James Interiors to offer our clients a bespoke service, helping you create the home you have always dreamed of.

For our corporate clients, we offer a full interior specification and show home service, as well as providing furniture packs to homeowners, investors and landlords.

## PRIVATE RESIDENTIAL INTERIOR DESIGN

---

With 25 years' experience in delivering award winning Interior Design, our team are pleased to offer clients a bespoke, turnkey design service.

With one of the largest teams of top interior designers under one roof, we can provide full end-to-end support, more choice for our clients and an individual designer from our eclectic team to suit their taste.

From classical lighting to luxury furniture, every aspect of the design will be approached with attention to detail at the fore.

Your designer will be as involved as you want them to be, advising, sourcing and project managing to an exceptional standard.

## SHOW HOMES

---

We provide effective solutions for Show Homes from concept through to completion, offering a bespoke design and installation service.

Working with many of the UK's leading house builders and developers, we appreciate that a show home is the ultimate selling tool.

We are proud of our reputation for delivering quality interiors on time and on budget.

Furniture rental or purchase options are available to provide a flexible financial solution.

## INTERIOR ARCHITECTURAL DESIGN & SPECIFICATION

---

Our talented team of interior architects and specifiers deliver the most creative and original solutions for both large and small interior architecture projects.

Working with individual clients or when creating luxury interior design for private residences, our architectural experts manipulate space and use space planning techniques of mood boards, modelling and planning when reconfiguring the aesthetics of a property.

Whether we plan one or multiple spaces for our clients, our spatial planning expertise and exacting standards will always maximise the potential for every project.

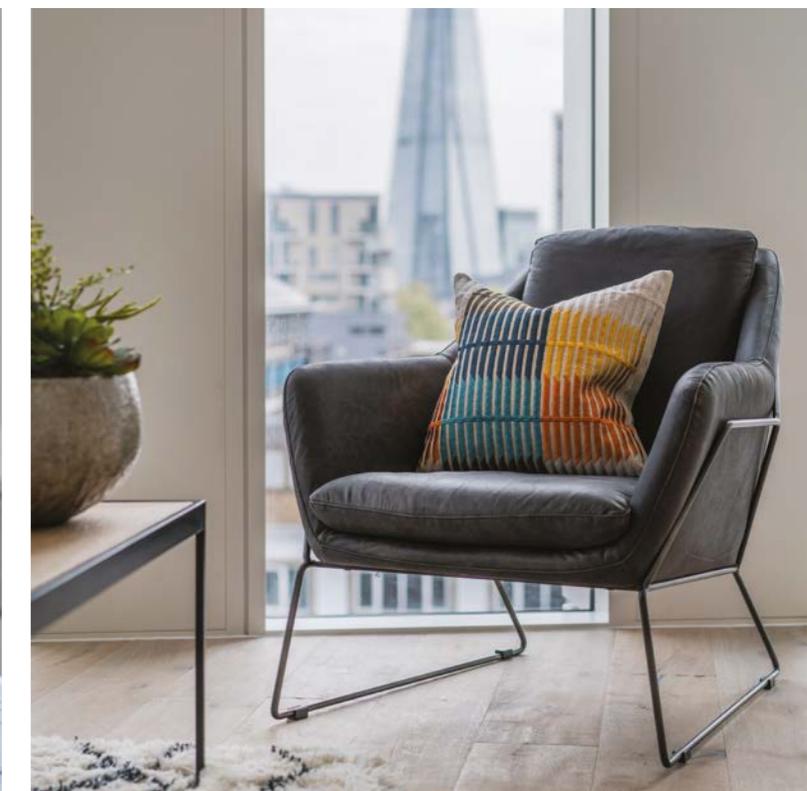

## FURNITURE PACKS

---

For investors, home buyers and private landlords, we provide turnkey furniture solutions to cater for the needs of homeowners and tenants who require stylish yet robust furniture.

We create aspirational living spaces, allowing landlords to maximise their rental yields and minimise void periods.

Our designs are bespoke, using only the finest furnishings, fabrics and accessories to guarantee a beautiful, functional and liveable property from the first day of occupation.
