Auctioneer's Comment: A much brighter trade especially on the 39-44 kilo lambs. Some abattoirs now requiring leaner lambs for the export market now that Brexit has been put on hold. All weights a better trade but lambs must not be overfat. More could have been sold.

 New Section for Light Lambs under 36KG to be penned separately and sold after the main section of lambs and before the cull ewes Every Thursday to attract buyers for the lighter lamb markets. Please enter on a Wednesday so the different buyers can be informed

Auctioneer's Comment: A very good entry of ewes met a good level trade throughout. An excellent trade on the bigger Texel x ewes and also on the Hill ewes. Ewes with good coverage but not overfat were the premium. **Remember our minimum commission on culls is very competitive**

Auctioneers Comments

A very pleasing cattle trade with mainly heavier cattle forward today. Easiest cattle sold were store order sorts with scale to sell next Spring. A good entry is required for our next sale with the plentiful fodder stocks definitely helping. Stores still look a good outlet compared to finishing.

Auctioneers Comments

The dearest store lamb trade so far this year. An excellent trade throughout with very strong buying support. More farming men are now looking for lambs after harvest and planting has been done. There was strong demand for all sizes of lambs seeing an overall average of £61.79. More could easily have been sold to advantage. Large lambs £67-£72.50. Medium lambs £55-£65. Small lambs £48-£53. A large entry of lambs is required for next sale. Why travel your stock to larger centres when there is as good a trade as anywhere on your doorstep. Save the cost of fuel and time and support your local market.
