

BRECON MARKET REPORT – PRIS Y FARCHNAD DYDD MAWRTH - TUESDAY 12th NOVEMBER 2019

900 LAMBS

This was the day that we have been working towards for many a month. A yard full of quality lambs. An alley full of buyers and a fast, even, competitive trade from start to finish. The trade was as sharp as predicted yesterday with lambs of all types sold to a much faster trade. The best lambs sold to £2.13ppk from Watkins, Aberhydfder and £99.45 from Powell, Neuadd and Edwards, Upper Penwaun. Can we please keep the momentum going with an even better entry next week.

200 CULL SHEEP

A slightly smaller entry of cull sheep with numbers again less than that required and again surprising considering the unrivalled and consistent trades over the last few weeks. The trade was again even better than the faster trade of the last month; again well ahead of other competing centres. There were again some cracking strong ewes forward and these sold to the top trade of the day. The leaner type ewes also sold to another improved trade ahead of last week and the trade for mule ewes was again much improved. There were again virtually no grazing ewes forward this week. We are short every week of ewes of all categories and a lot more are needed to meet demand. Much larger entries of well covered and plain ewes are required in the ensuing weeks.

Overall average Ewes £59
