**BRECON MARKET REPORT – PRIS Y FARCHNAD  
DYDD MAWRTH - TUESDAY 26<sup>th</sup> NOVEMBER 2019**

**500 LAMBS**

A Winter Fair affected entry in terms of numbers but with a decent overall quality. There was a high proportion of overweight lambs which helped the average per head but adversely affected the per kilo average. Trade was as good as predicted yesterday with demand again outstripping supply on a national basis. The best lambs sold to £2.06ppk from Lewis, Cyncoed Mawr and £92.66 from Thomas, Bachygwreiddyn. We need a bigger and better entry next week to lead us into the Christmas period.

**SQQ £1.87ppkg**

## 100 CULL SHEEP

A much smaller entry of cull sheep with numbers again less than that required and again surprising considering the unrivalled and consistent trades over the last few weeks. The trade was on fire this week and again well ahead of other competing centres. There were again some cracking strong ewes forward and these sold to the top trade of the day. We are short every week of ewes of all categories and a lot more are needed to meet demand. Much larger entries of well covered and plain ewes are required in the ensuing weeks.
