BRECON MARKET CATTLE REPORT
FRIDAY 31st JANUARY 2020

447 STORE CATTLE

An exceptional entry of quality cattle met with a staggering trade with prices far exceeding everyones expectations.

We saw the return of several noted buyers who are desperate for quality types and this included men from Yorkshire and also some new buyers who all contributed to a fantastic trade.

The steers averaged a staggering £1062 and topped at £1720 with several steers at £1300-£1400 to average 223p/kg which would be up £40-£50/head on last month, whilst heifers reached £1360 to average £1020 and 210p/kg. We had a full capacity of buyers and the only disappointment was the size of the entry as we had sufficient buyers for 1000 cattle today.

A tremendous run of weaned calves from Davies of Glanyfer, Crosswell sold up to £1300 for steers and £1140 for heifers to average 247p/kg over 38 cattle.

Whilst Messrs Watkins from Llantilio averaged 240p/kg and £920 for a run of 38 weaned outlying continental steers and heifers mainly Charolais.

We had the buyers who were willing to give a marked premium for cattle but we did need more cattle on offer.

A good entry is required next month.

77 CULL COWS & BULLS

The demand for cull cows should encourage every suckler farmer to increase and invest in their suckler cow herds.

With World Markets opening for our beef it is clear the cows seem to be first to benefit and today we have seen a RECORD-BREAKING sale at Brecon.

Cull Cows topped at £1460 with an AVERAGE of £1102 and a record average of 153p/kg to include all types, we had 14 cows over £1300 and there were 3 NEW buyers around the ring.

However, to maintain this trade and demand we MUST have more cows forward.
