

### **Information for vendors when booking a market appraisal**

We will be ensuring that social distancing is adhered to whilst in your property.

Our valuers will avoid any physical contact whilst in the property, this includes handshaking

Our valuers will use hand sanitiser on entry prior to the appointment and will have available the use of protective gloves and a face mask if you (or our valuers) require them to be used.

We request that you open all doors and cupboards before our visit.

Our valuers will try not to touch any surfaces during our inspection.

Once the inspection is completed there will be the option to have our usual discussions with you face to face if possible but there will also be the option of completing these discussions at a later time using a Zoom presentation. Our valuers will discuss with the you which is the most appropriate at the end of our inspection.
