**Auctioneers comments:**

Another excellent sale of TB restricted store cattle at Knighton. A entry dominated by dairy bred beef cattle met firm demand throughout, with cattle travelling from West Wales. All cattle were well sought after from Friesian steers to crossbreds, and notably black and white Herefords sold well.

The suckler bred stores included some excellent quality animals and saw strong demand with larger cattle very keenly sought after.

The above analysis shows that at our Orange Markets we really do have buyers for all cattle, and it is worth the journey from further afield to be able to sell your cattle.

Next sale of TB Restricted Store Cattle at Knighton is **Tuesday 5<sup>TH</sup> October**. Entries close **Monday 27<sup>th</sup> September at 5pm**. If you are under TB restrictions and have cattle to sell, these sales are an important option to allow you to trade. Please contact us.
